

**Forklift**

**Freight**

**You?**

***Drivers, protect yourself from the hazards of falling freight while loading and unloading.***

**Stay away from your truck's trailer when a forklift loads or unloads freight.**

**If you must direct loading or unloading, have a plan with the forklift driver and a safe area to stand.**

**Take advantage of designated safe work areas or break rooms.**

Visit [www.KeepTruckingSafe.org](http://www.KeepTruckingSafe.org) for more information on how to reduce your risk to injury.
