

Worn out or damaged cab step?

Slipping and falling from truck cab steps is a leading cause of injury for drivers.

Hazard

This diamond plate truck step is worn-out.

Solution

Replace with original equipment from your dealer or an after-market step overlay.

When replacing or repairing step treads, look for:

- Durable materials
- Slip resistant design
- Easy to clean

Repair that worn out step before someone gets hurt.

Visit www.KeepTruckingSafe.org for more information on how to reduce your risk of injury.
