

Do you like playing the odds?

When you play the odds, sometimes you win and sometimes you lose. But play the odds with worn gear, and you could lose a load, an eye, or worse. Check your gear for wear. Never use worn bungees, straps or tie downs. If your load is worth strapping down, it's worth using the right gear. Don't play the odds!

You are too valuable to risk working with defective equipment!

Visit www.KeepTruckingSafe.org for more information on how to reduce your risk of injury.
